# ASCO 2012

A phase II study of cisplatin (CDDP) and oral vinorelbine (NVBO) concomitantly with radiotherapy (RT) in locally advanced (LA) non-small cell lung cancer (NSCLC) treatment: Interim analysis.

**Subcategory:**

Local-regional Non-small Cell Lung Cancer

**Category:**

Lung Cancer - Non-small Cell Local-regional/Small Cell/Other Thoracic Cancers

**Meeting:**

2012 ASCO Annual Meeting

**Session Type and Session Title:**

This abstract will not be presented at the 2012 ASCO Annual Meeting but has been published in conjunction with the meeting.

**Abstract Number:**

e17545

**Citation:**
